SIDE VIEW

**STEP ONE:**  
Find the lie angle of the club from the manufacturer

**STEP TWO:**  
Lean the 48" ruler with edge against the corresponding lie angle with the ruler at an angle. Make sure the 0" mark is placed on the floor or surface.

**STEP THREE:**  
Place the club against the ruler with it resting along the back side of the shaft

**STEP FOUR:**  
Read the length of the club from the 48" ruler using the edge of the grip cap for reference.
